MISSIONARY UPDATE

MANNY & GLENDA FERNANDEZ
WORLD LINK MINISTRIES

Dear Friends at Alderwood,
Warm greetings in the Lord in the Great Northwest!
We are excited for all that is happening in the ministry as we have just recently launched another 300 church-plants in Venezuela. The latest launching brings the total to 615 churches since 2021.

It is fascinating how the Lord delights in letting man do his own plotting and then when their plots and conspiracies fail the human heart opens to the help and calling from the Lord! It happened in Cuba; it has happened in the former Soviet Union; and it is happening in Venezuela. Who knows, it may just happen in the US!

We are seeing wonderful results as people in Venezuela are coming to faith and are asking to be baptized. Many are thrilled at the literally hundreds of new churches that are now a new reality.

We were told when we went there last July "It has been seven years since any outsiders came to our country. We have been praying that the Lord would send someone and that it would not just be a visit but that it would be a great plan to get us moving again." The folks would go on to share how they felt that the vision for planting 600 or more churches seems like a great start for a national campaign.

A great new initiative that is exciting and greatly valued is the feeding of children in diners in needy areas. There is more than a dozen of those currently functioning. Years ago, General Mills invented a nutritious flour in the US which they meant to use to feed hungry and malnourished children in the world. The product is called Manapac, likely in honor of the Mana which God used to feed the Israelites in the wilderness for 40 years. The diners welcome the children and the mothers to teach them various ways in which they can prepare the food to make it more appealing!

We are grateful that we have been partnering with Alderwood for around 40 years reaching people literally all over the world.
