MISSIONARY UPDATE

JESSE & HANNAH VAN GORKOM
ENGINEERING MINISTRIES INTERNATIONAL

Hello from the soon-to-be 5 VGs! Baby #3 is due end of July! And we are planning (Lord willing) to return to Uganda late October after two years of working remotely with EMI Uganda. We are very excited!

I (Jesse) am currently loading a 40 foot shipping container with workshop equipment and supplies. This container is in Fort Wayne, Indiana. It will ship out to Uganda by the end of June. There is a possibility that if it is delayed in transit and our family has no delays flying back to Uganda, I will load and unload the same container! We are sharing space with the Institute for Affordable Transportation, who is shipping three complete Basic Utility Vehicles (BUVs) and other parts/equipment for their ministry. I have the fun of coordinating the shipping container, helping to source, sort and load the tools and equipment. We are looking at expanding our metal shop capacity with metal brakes, tube benders, welders, air filtration systems and much more! It is exciting to plan for what the future of the EMI Uganda workshop training/internship program might look like! As our family walks through this busy season, I am reminded of Proverbs 4:5-6... *"Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge Him, and he will make straight your paths."*

Please pray for the safe arrival of baby VG#3 and a clean bill of health for Hannah! Pray that the container can get loaded and shipped on time, and that we won't face huge taxes when we clear Ugandan customs. And please pray that God will provide a good place for us to live in Uganda before we arrive there.

Your prayers and support are greatly appreciated! Blessings,

Jesse, Hannah, Addi, Asher and soon to be #3
